## August 2022 Newsletter

### Onsite with the Community Resource Center & Community Kitchen Academy

Since welcoming CVOEO's Community Resource Center to Feeding Chittenden in May, there's been new energy onsite. While Feeding Chittenden continues to carry out grocery distribution, deliveries, and food rescue, our combined teams work to provide hot meals and snacks throughout the day. The Community Resource Center acts as a low barrier space to supply food and connect guests with housing and safe recovery resources. It's been a pleasure to partner with the CRC staff to help make sure that everyone in the Burlington area has access to the services that they need, and we look forward to continuing to support our community together!

Over the month of July, we also had another session of Community Kitchen Academy students graduate! We are so proud of their accomplishments, not to mention grateful for their contributions in the kitchen. They helped prepare some amazing meals over their time with us, including (but certainly not limited to!) Jamaican jerk chicken with coconut Caribbean rice, jambalaya, mac n' cheese with a garlic scape pesto, and maple glazed carrots, roasted vegetables, and eggplant chutney. Their food has been quite a hit with our visitors, and we're so excited to see what they create next!
